Euroclear SA/NV complies with the 10 principles of good governance defined by the CBFA in its Internal Governance Circular. These principles reflect applicable regulations, recommendations and best practice on corporate governance for regulated entities in Belgium and are in line with the philosophy of the stock exchanges.

## Stock Exchanges

### Other CSDs or clearing organization in your country

LCH Clearnet is the clearing house for Euroclear Nederland.

### Services Provided

As part of ESES we offer:

**Trade confirmation.** Our state-of-the-art pre-settlement STP solutions enable you to complete your deals more quickly, efficiently and safely.

**Settlement.** You can manage three domestic markets through one central bank account and benefit from Delivery Versus Payment (DVP) book-entry settlement.

**Custody.** Our asset services are specifically designed to help you minimise risks, reduce internal costs and help your clients reduce processing costs.

**New issues services.** Our tailored services provide the quality, security and efficiency that new issues require

### Eligible Securities

Most security types are eligible for processing on the ESES platform. Eligible security types include (but are not

limited to) equities, bonds and other debt securities, funds, warrants, rights, money market instruments (e.g. titres

de créances négociables (TCN)), units, turbos and speeders. Other types of securities may also be accepted by the

ESES CSDs if they meet the relevant admission criteria. The ESES CSDs can admit securities that:

- are listed or not;
- are listed on the domestic exchange of an ESES CSD, or on a foreign exchange;
- were issued under the law of the jurisdictions of the ESES CSDs or a foreign law;
- have an ISIN; and/or
- are deposited in non-group CSDs.
