\* Algérie Clearing was legally established on 01/11/2001 and started operation in 2004.

- **Brief History:** Algérie Clearing is the central security depository of Algeria. It is legally established in 2001, under legislative decree N°93-10 of 23rd May 1993 modified & completed on 19th February 2003 by law N° 03-04.

It acquired an automatic settlement and delivery system in 2002, and started operation in 2004. This system was implemented to ensure all transactions are handled in a safe and convenient manner. It also enhanced the information flow and reduced paper workload. To promote dematerialization and clearing-settlement system, a Payment Versus Delivery (PvD) mechanism was implemented. In 2008, the handling of Treasury Fungible Bonds (OAT) was transferred from the Bank of Algeria (Algerian central bank) to Algérie Clearing.

- **Types and number of Participants:**
