Services Provided

- (a) Deposit of property values of depositors and holders of securities;
- (b) The conversion of physical securities in a book-entry registry.
- (c) Collection of depreciation, dividends, interest and other property rights of the Securities in custody;
- (d) Exercise of political rights emerging from the Securities in our custody,
- (e) Clearing and settlement of transactions with securities represented by book-entry registry (dematerialized).
- (f) Registration of Physical Securities delivered in deposit for custody.

Other services:

- **Entitlements in Cash Collection (Financial / economic rights' recovery).** The EDV collects on behalf of the participants subscribed to this service: the expirations (due dates), redemptions (repayments), benefits, dividends, interests and other economic and/or hereditary rights pertaining to the Securities constituted in deposit (in custody).
- **ISIN, CFI and FISN Code allocation.** The EDV is the National Numbering Agency for Bolivia and assigns ISIN, CFI and FISN Codes to the Bolivian stock exchange market securities, according to the request of the issuers or investors.
- **SIRTEX.** The EDV has developed and currently manages the Sistema de Registro de Transferencias Extrabursátiles – SIRTEX (OTC Transfers Registry System). Through this system, the Bolivia's Central Bank directly assigns the Final investor / Beneficiary Accounts, and allows the OTC Transfers registration that are generated with Government Securities issued in weekly public auctions.
- **SICREF.** The EDV has developed and currently manages the "Sistema de Consulta y Registro para Entidades Financieras" – SICREF (Financial Companies' Consultation and Registry System). Through this system, the Bolivia's Banks (Financial Entities) verify the current state and can activate and/or deactivate Burdens (obligations, impediments, encumbrances, liens); to the Time Deposits issued by them.
- **Issuance of Certificates Dematerialized fixed**

term deposit (CDPF): The EDV has developed a system in the first quarter of 2014, that allows financial institutions to perform daily dematerialized issuance of fixed-term deposits (CDPF) by the EDV system, which facilitates the holders have certainty as to the custody and transfers of their CDPF.

Remarks

Goals and Challenges:

- Economic (Cash) Rights' Payment (coupons, principal and benefits / surplus). The EDV plans to become an "Economic Rights' Paying Agent" for all the dematerialized issued securities, using the Central Bank payment platform.
- The EDV will offer to its final investor's online access to their Beneficiary Accounts through the Internet.
- International services. The EDV will open an account at a Global Custodian, with the objective that the Bolivian investors to safeguard their investments of foreign securities in the account.
- The EDV will implement settlement risk reduction mechanisms, and will develop two projects, named as follows: Credit Lines Service and Automatic Lending Securities Service.
