<b>Regulatory Environment</b>	L' Autorite des Marches Financiers and the Banque de France are the supervisors of Euroclear France
<b>Stock Exchanges</b>	
<b>Other CSDs or clearing organization in your country</b>	LCH Clearnet is the clearing house for Euroclear France
<b>Services Provided</b>	<p><b>Trade confirmation.</b> Our state-of-the-art pre-settlement STP solutions enable you to complete your deals more quickly, efficiently and safely</p> <p><b>Settlement.</b> You can manage three domestic markets through one central bank account and benefit from Delivery Versus Payment (DVP) book-entry settlement.</p> <p>Since September 2016, the settlement activity is performed jointly with T2S, the European Central Bank platform.</p>

**Custody.** Our asset services are specifically designed to help you minimise risks, reduce internal costs and help your clients reduce processing costs.

**New Issues services.** Our tailored services provide the quality, security and efficiency that new issues require.

## Eligible Securities

Most security types are eligible for processing on the ESES platform. Eligible security types include (but are not limited to) equities, bonds and other debt securities, funds, warrants, rights money market instruments (e.g. titres de créances négociables (TCN)), units, turbo's and speeders. Other types of securities may also be accepted by the ESES CSD's if they meet the relevant admission criteria. The ESES CSD's can admit securities that :

- Are listed or not;
- Are listed on the domestic exchange of an ESES CSD, or a foreign exchange;
- Were issued under the law of the jurisdictions of the ESES CSD's or a foreign law;
- Have an isin; and/or
- Are deposited in non-group CSD's.
