Brief History	<p>The Mozambique Stock Exchange (BVM) was created by the Government through Decree No. 49/1998 of 22 September in order to diversify financing alternatives and promote the conversion of savings into productive investment.</p> <p>The Exchange was inaugurated on October 14, 1999 and initiated its activities with only one security, namely “<i>Treasury Bond 1999</i>”, with a market capitalization of USD 4,497.75.</p> <p>Trading has always been carried out by an electronic system and at present it counts with twelve (12) brokers, which are all commercial banks, while the Central Bank is the market regulator.</p> <p>Currently, BVM has 37 securities listed (6 Equities, 17 Treasury Bonds, 13 Corporate Bonds and 1 public fund), which accounts for a Market Cap. of 1.2 billion US Dollars.</p>
Practices and Procedures	<p>The main functions of the stock exchange are the organization, management and maintenance of a centralized securities market, as well as the maintenance of appropriate means and systems for the functioning of the secondary market. Moreover, BVM is also responsible for the management of the Central Securities Depository (CSD) in Mozambique.</p> <p>The activity of the Stock Exchange is based on the following principles:</p> <ol style="list-style-type: none"> (1) Ensure the smooth stock market operation, transparency of transactions and investors’ fair treatment; (2) Ensure investor protection and promote good provision of information to the market and its participants. <p>The stock market offers various forms of financing, namely Equity, Treasury and Corporate Bonds (medium/long-term debt), Commercial paper (short term debt) and public funds.</p> <p>Investors benefit from a more favorable tax regime in income (dividends and others) arising from the ownership of listed equity</p>
