

ANNA – Coronavirus Update

Our top priority is the health and safety of our employees, the employees of our Members and Partners as well as our external business partners. In view of the international COVID-19 pandemic, ANNA is closely monitoring the situation and how it is being assessed by governments and official health organizations.

After careful consideration of information available to date, we have decided to cancel our June 2020 ANNA Annual General Meeting. Task Force and Working Group meetings will continue to take place as scheduled and be conducted by conference call.

ANNA, the ANNA Service Bureau (ASB), and the Derivatives Service Bureau (DSB) remain operational and our staff are available to support our stakeholders. Our team, including the ANNA Secretariat, will remain accessible via the usual email and telephone contacts.
